reason®

**Empowering children
with superior nutrition
to support their growth
and development.**

-Reason Health Founder
Dr. Dhagash Joshi

WHY REASON?

- Provides optimal nutrition, particularly for children experiencing malnutrition or unintentional weight loss.
- Delivers the right balance of nutrients to support kids struggling to maintain their weight and energy.
- Tasty, high-calorie formula designed to help kids gain weight in a healthy way.
- Easy to drink and digest, making it a convenient and effective alternative to traditional weight gain supplements.
- Nourishing and delicious, helping kids stay strong, healthy, and energized.

High-Quality Milk Protein

Sourced from the Netherlands, our premium protein is made from fresh skim milk, delivering a complete blend of casein and whey. This high-bioavailable protein, low-lactose formula supports healthy growth, muscle development, and faster recovery. It's an ideal way for active kids to build strong muscles, boost energy levels, and maintain a healthy lifestyle.

Only Natural Ingredients

Crafted with kids in mind, Reason drinks are made with only the good stuff. We use 100% natural ingredients, free from any artificial flavors, colors, or additives. You won't find any fillers or added sweeteners here—just pure, wholesome refreshment. It's a healthy and delicious way for kids to stay nourished.

Easily Digestible Fats

Reason drinks are a great source of Medium Chain Triglycerides (MCTs), a special type of fat derived from fractionated coconut oil that is easily digested and quickly processed by the body. MCTs move directly from the stomach to the liver, providing rapid energy that helps children stay active and focused throughout the day. Because they are gentle on the digestive system, MCTs are an excellent choice for kids with sensitive tummies or digestion concerns, as well as for those with compromised digestive systems.
